- Unity will create one big 'musical family' that will be encouraged to support each other along their musical journey.
- Unity also works as a progression for our younger youth choir Little & Loud with Unity members acting as inspiration for the younger vocal group.
- All songs will be carefully selected to provide a message to both the members and the audience so that the choir can portray positivity and meaning in everything that is performed.
- An array of performances will be arranged throughout the year to showcase the talent of the Unity members.
